

QUALITY LIAISON REPRESENTATION

Providing a proactive approach to quality concerns.

Across North America, TQS on-site liaisons allow you to proactively address your customer quality concerns before they evolve into costly quality issues.

WHAT YOU GET FROM A TQS LIAISON

24/7 Support & Immediate Response to Quality Concerns

Real-time Reporting Through QNET

Coverage at OEMs Across North America

Support for New Programs, Platforms, and Launches

Scrap Claim Monitoring & Negotiation

On-site Investigation & Fault Analysis

Critical Information Distribution to Other Liaisons

Established, Professional Relationships with OEM Personnel

Trained to Understand Your Parts & Processes

Participate in OEM Staff Meetings

Help Coordinating Sorting & Containment

Assist with Special Shipments

THE QNET ADVANTAGE

- Real-time Information
- Critical Information Distribution
- Interactive Quality Issue Dashboards
- Drill Down Into Quality Issues By Plant Location, Issue Type, or Corporate Division
