TERRELL CARTER

Inspection Manager, Energy Support Services

NARRATIVE

Terrell Carter's career began in Houston, the heart of the Oil & Gas Industry. He held multiple category lead positions including scanning electron microscopy, microstructural analysis, and cyclic fatigue testing in Hughes Tool Companies' Research Laboratory. Terrell supervised and performed metallurgical testing, inspection, and failure analysis at Bryan Laboratory. He was a quality and inspection consultant to gas & electric utilities, midstream oil & gas companies, and pipe manufacturers.

EDUCATION

Associates Degree

TRAININGS & CERTIFICATIONS

Terrell is a past recipient of the Engineering Technician of the Year with the Houston Chapter of American Society of Metals. He completed NACE Coating Inspector training courses I, II and III and has completed numerous ASM and AWS courses.

TQS EXPERIENCE

Terrell has been a member of the management team since joining TQS in 2010. He is responsible for the direct coordination and supervision of inspection projects. Terrell trains and manages inspectors by defining work flow and specific project requirements. It is Terrell's responsibility to communicate with the lead inspector daily and prepare, review, and submit necessary paperwork associated with the project.
