DUNS number: 053493255

CAGE code: 5JC5

Team Quality Services (TQS) is a Service-Disabled Veteran-Owned Small Business (SDVOSB) that provides on-site quality liaison services at the OEM for Tier 1 Automotive Suppliers. TQS also offers light value-added manufacturing services, and inspection services.

Our Proven Process helps to proactively identify, isolate, and communicate quality concerns before they turn into costly issues.

What Sets TQS apart from the Competition?

Technology: TQS provides innovative and cutting-edge technology that allows access to daily monitoring and reporting. This creates a culture of responsive and connected reps for full transparency and proactive quality assistance.

Network of Liaisons: We have a large network of quality reps at every OEM location in North America – offering massive coverage and penetration across OEMs.

Single Vendor/Provider: Unified reporting, billing, etc., for easy and convenience – making your job easier.

Quick Startup: We can quote, setup, launch, and scale rapidly so you can meet your objectives.

Diverse Capabilities: Across industries, our manufacturing services specialize in kitting, rework, and light value-add assembly.

Core Capabilities

Quality Liaison Services

We offer Tier 1 Automotive suppliers onsite quality representation at the customer, saving time and money by proactively monitoring quality issues before they turn into costly issues.

Inspection Services

Inspection services provide custom solutions including sorting, containment, rework, GP-12 Part Certification, and CS1/CS2 Containment.

Manufacturing

TQS offers manufacturing solutions for customers through our proven processes:

- Rapid Quoting
 - Enables you to select a partner quickly
- Quick Startup
 - Allows you to launch project in days rather than months.
- World-Class Execution
 - LEAN Processes and production controls
- Flexible Scalability
 - Flexible space and employee personnel to adapt to your challenges
